BIG WAR GAME TO COST \$500,000

SALLOONS, WIRELESS TELEGRAPHY AND TELEPHONY TO PLAY IMPORTANT PARTS IN BAY STATE SHAM BATTLE.

Washington, Aug. 2.—Aeronautics, wireless telegraphy and wireless telephony are to play an important part in the forthcoming maneuvers on the coast of Massachusetts. The Signal Corps of the army will give instruction in the use of the aeroplanes and balloons for scouting purposes and in the manipulation of the wireless systems of communication. While balloons will be used in the maneuvers, the Signal Corps has just been acquired by the War Department will not be risked. Theoretical instructions will be given by the Signal Corps officers who are to be pupils of Wilbur Wright next week.

Capt. Carl F. Hartmann of the Signal Corps was today appointed an instructor and will be attached to the brigade of which the militia of the District of Columbia is a part. The maneuvers are to be on a large scale than any yet held. The troops will be divided into two armies, one of which will endeavor to penetrate inland. The other force will endeavor to repulse the invaders. Such a campaign will give to both wireless methods of communication and the operation of balloons, and the officers and men of the Signal Corps expect to benefit by the experience.

Beacon, Mass., Aug. 2.—Not since the days of the civil war has Massachusetts seen such a gathering of armed men as will participate in the "war game" of Aug. 14 to 21. Defending Boston and endeavoring to stem the invasion of 9,000 men of the New York New Jersey Connecticut and District of Columbia National Guards and the 7,000 men of the Massachusetts militia, augmented by three troops of regular cavalry from the "Fighting Tenth" the colored regiment at Fort Ethan Allen.

The dispatch of the defenders will be so arranged as to deploy the 7,000 troops over a frontage of more than thirty miles, extending from Cape Cod bay on the east to the town of Mansfield.

Major Gen. Leonard Wood, U. S. A., Commander in Chief of the Department of the East, assisted by members of his staff and other particular experts, will act as umpires of the war game. The problem of the defense will be engineered by Brig. Gen. William A. Pew, Jr., of the Second Brigade, M. V. The task of ferrying out the channels of successful invasion will be supervised by Gen. W. W. Witherspoon and will be actually commanded by Major Gen. Tasker P. Bliss, both of the Army War College in Washington.

The march of both armies will necessarily involve damage to property. Fences will have to be torn down and gardens invaded to make way for the broad line of soldiers. Behind each of the two bodies will be a corps of engineers, who will determine upon the amount of damage done and compensate the affected persons for their loss. The task of the engineers will be adjudicated at the conclusion of the maneuvers.

A sum closely approaching \$500,000 will be required to cover the cost of the game. About 16,000 men and officers will be engaged. The troops engaged will receive pay ranging from \$2 a day for enlisted men to \$5 for officers of the line and \$15 for those of the rank of Brigadier General. Salaries alone will cost Massachusetts \$20,000 for her troops. This sum will also bear the expense of transporting the defending army to and from the mustering point. This is reckoned at \$20,000, with another \$20,000 for the Commissary Department.

A bed bug crawling on your children's clothes when away from home does not speak well of that home, but instead gives to your friends a lasting impression of neglect and carelessness in that home and is often whispered around among other friends of the family. Such unpleasant comment could have been avoided if you had used **Cyrus Presto Killer for Bedbugs**. The cost is only 25 cents and would have effectively cleaned the bed.

NEW HAVEN WANTS A TRADE SCHOOL

Leading Manufacturers and Business Men Working to Get it Away from Bridgeport.

STATE BOARD THERE TODAY

New Haven, Aug. 2.—When the state board of education convenes in the Chamber of Commerce hall, 763 Chapel street, this afternoon at 3 o'clock, the fact that the manufacturers and business men of this city are anxious that one of the two trade schools authorized by the legislature for the state of Connecticut, be established in New Haven, will be clearly put forth. The majority of the 160 representative manufacturers and business men of this city who signed the Chamber of Commerce petition, asking that New Haven be selected as a site for one of the schools, will attend the meeting and advocate why one of the institutions should be located here. The petitioners are anxious that one of the schools be located here, will attend this afternoon's meeting and state why they think New Haven is the best adapted city in the state for one of the two schools.

The recent act passed by the legislature provides \$50,000 annually for the establishment and maintenance of the schools. No person under fourteen years of age will be admitted to the schools, except during vacation periods. The school shall be free, there being day and evening sessions. The State Board of Education shall expend the funds provided for the support of trade schools, appoint and remove their teachers and make rules for their management.

Bridgeport has been, and still is, fighting hard for the establishment of the school there, and if it is not located in this city it will be in Bridgeport. In all probability, already the state board of education has heard the arguments of the Bridgeport manufacturers and business men as to why the school should be established in their city. It is true that Bridgeport is more of a manufacturing town than New Haven, but the Elm City has other facilities, which are lacking in Bridgeport, being a railroad center, located in the midst of a number of smaller cities and having the largest population in the state.

No matter how long you have suffered, Foley's Kidney Remedy will heal you. Mrs. S. L. Bowen, of Wayne, Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed. I tried everything but could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely." It will cure you. F. B. Brill, local agent.

ROOSEVELT TURNS FROM BIG GAME TO CHURCH WORK

(By Warrington Dawson, Staff Correspondent of the United Press.)

Nairobi, British East Africa, Aug. 2.—Having laid aside his gun for a few days, Colonel Theodore Roosevelt is now turning to church and philanthropic matters with all the enthusiasm he has shown in the hunting of African big game. The exact destination is to take a leading part in the mission work of the Masonic lodge to-night and tomorrow, and the next day part of Africa have come to Nairobi for the occasion.

Yesterday Mr. Roosevelt attended the service at the church and was the center of an impromptu reception. Later in the day he made the leading subscription for the Y. M. C. A. of Nairobi. The Colonel's adaptability to any occasion that presents itself has greatly impressed the people of British East Africa.

The Roosevelt party will leave Thursday for Nalivasha, stopping for a short time at Kiljabe where Mr. Roosevelt will lay the cornerstone for the new church building of the Inland Mission, an American institution.

NEW LINCOLN PENNIES ARE ISSUED TO-DAY

(Special from United Press.)

Philadelphia, Aug. 2.—The new "Lincoln" pennies ordered off in commemoration of the 100th anniversary of the late President's birth, were issued today from the mint here. The head of Lincoln which appears on the coin, was taken from a photograph in the possession of Charles Elliot Norton, which he had made for the artist, and sold matches on the street and studied at night at the Cooper Institute in New York. He saved enough money to continue his studies in Paris and has lately opened a studio in America.

GIRL STRICKEN AT PICNIC DIES IN HOSPITAL

Stricken at a picnic in Stadler's Park on Saturday afternoon, Rose Keja, a 15 year old Slavonian girl was removed to St. Vincent's hospital in a state of coma where she died at 9:25 o'clock yesterday morning without recovering consciousness. Coroner Wilson held an inquest yesterday and found that death was due to a heart attack. The girl had been found that the girl had heart trouble and was in a weakened condition from a recent illness. She arrived here yesterday from Chicago and was living at the home of her parents, 135 Island Brook avenue.

For indigestion and all stomach trouble take Foley's Orino Laxative as it stimulates the stomach and liver and regulates the bowels and will positively cure habitual constipation. F. B. Brill, local agent.

SHORTAGE OF MILK DUE TO DROUGHT.

New York, Aug. 2.—Owing to the continued drought in the district that supplies New York and its environs with milk, there is now shortage that will probably result in increases in the price of milk from 8 to 9 cents a quart. Dealers declare that the drought has been so serious that during the month of July not more than two-thirds of the usual supply was brought in to New York. They say the shortage is felt in all lines of business in which milk is used.

SOCIAL AND PERSONAL

There are many of our own valued teachers who have spent many creditable years in teaching and are far beyond the life, but their useful career is by no means at an end. The large classes of successful pupils graduating under their guidance, each commencement, bear positive testimony.

An amusing incident happened on a trolley car leaving Milford for this city a few days ago. At the green, two women boarded the car. As usual the end-seat grabber, this time, a rustic looking individual, who was evidently picking up city ways rapidly, made no effort to move an inch. As one of the women laboriously worked her way past him, she did not notice a heavily covered basket at his feet, until she had firmly set one foot into the middle of the basket, leaving the imprint of a number six shoe plainly outlined on the clean cloth covering. She quickly took her seat, as a nearby passenger remarked, "Suppose it held eggs." A few stations later the grabber exclaimed, "Good! put both feet in it, Sary Ann, wouldn't he much like puddin' lend. Wonder some wimmin wouldn't stay to him."

Mrs. Lewis C. Fenton and daughter Mildred of Goodwin street left Saturday morning for Boston and Methuen, where they will spend a vacation of two weeks in the Catskills.
